Surgery/Hospital	
GP/HP Signature	
Print Name	
Date	

Enrich Learning Trust Authorisation:	
Date	

Please allow 2 working weeks for the menu to be arranged and in the meantime please continue to supply a packed lunch from home until a menu is in place for your child.

Our menus adhere to the School Foods Standards and we endeavour to cater to the majority of the schools' requirements. We are aware that not everyone is able to eat all foods safely. If a child has a medically diagnosed allergy, intolerance or health condition, we can work with parents/carers and health professionals to develop an individual menu for that child. For the school to provide a special diet menu for a child, parents/carers should complete this in full. Please note: We cannot process this form or provide a menu without the support of the child's health team. Please ask your GP/Health Professional to sign where indicated on page 2 or supply a Healthcare Plan for the allergy/Health Condition.

This menu will be planned around eliminating the reported allergen/s. The menu will be nutritionally balanced where possible and as close to the standard menu as the diet will allow. The Enrich Learning Trust kitchens are all nut free environments and we take every precaution to eliminate cross contamination with all allergens. However, we cannot guarantee 100% allergen free.

Lunch required all week	**YES**		**NO**	

This document remains confidential and a current copy should be kept with the child's care plan with a copy if the latest agreed/authorised menu.

A copy of the menu and current photograph will be kept in the school kitchen.
